

WELCOME NEWCOMERS!

Welcome to the CAMP Program in association with Imarticus Learning, your power-packed induction program before you begin your exciting career at Capgemini.

LEARNING OBJECTIVES

The program is designed and developed keeping in mind your learning aspirations as you enter the workforce and the business needs of the organization you will join. The program, through its blend of theoretical inputs and practical, hands-on learning, aims to make you confident enough to understand and make decisions across the Capgemini environment. A strong knowledge of the systems and IT skills will help you gain a strong hold in the field.

Azure PaaS Services Hands-On	3	19-May-22	23-May-22
Azure DevOps + Azure Function App + Azure Service Bus + Azure Logic App MCQ Test (1 hr. on Day 1 of Sprint-2) + Sprint 2 Implementation	3	24-May-22	26-May-22
Sprint 2 Evaluation	1	27-May-22	27-May-22
L1 Preparation	1	30-May-22	30-May-22
L1 Test	1	31-May-22	31-May-22

PROGRAM DELIVERY

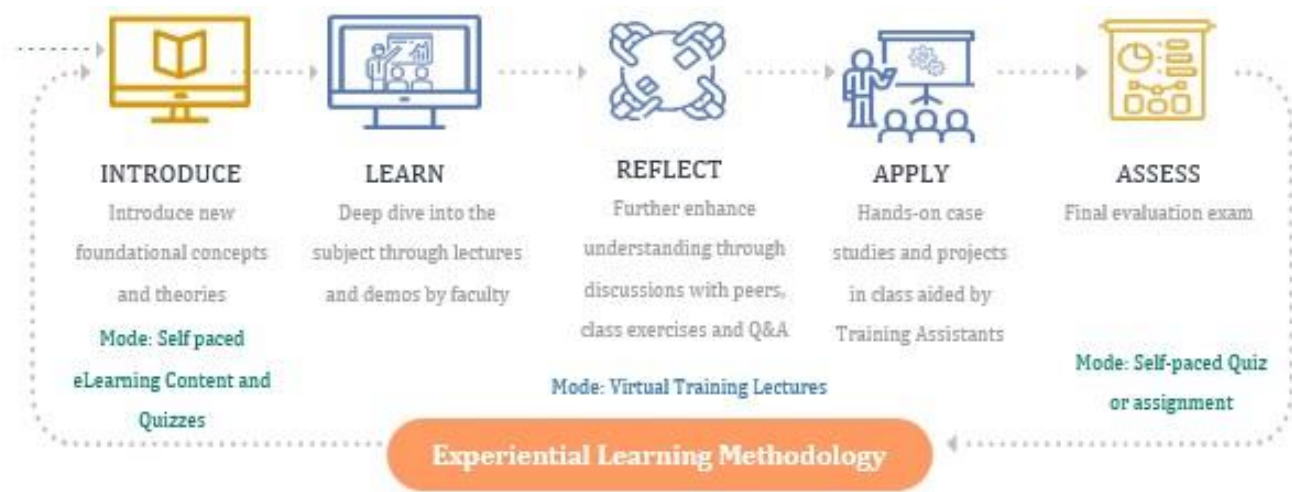

We value your health and safety in these troubled times! Your induction training program will be conducted virtually through a mix of live instructor led virtual trainings on Zoom Meeting, as well as assessments and reading material on LMS.

LEARNING METHODOLOGY:

An entirely virtual induction, comprising:

1. **Assessment & Quiz/Poll**– We want to meet you where you are. That’s why we have devised an assessment to test your current knowledge on each module on the LMS. We look forward to your prompt completion of the assessment so we can cater the training to your needs. Post Assessment after completed of the module and in between Quiz/Poll.
2. **LMS & Cloud Labs (if applicable)**: You will be given access to the LMS & Lab (applicable to some topics)
3. **Live Instructor Led Virtual Trainings**: This training comprises of instructor- led training with hands-on exercises and tests. Each topic will have the following components:
 - ✓ **Theory Session** – Next, the instructor will teach you new concepts and skills as per the curriculum by first imparting some theoretical knowledge so that your understanding of key concepts are clear.
 - ✓ **Application/Hands on Practice** – The learning is prepared with hands on class exercises, group exercises and reflection exercises to ensure immediate applicability.
 - ✓ **Projects**

The workshop will feature a Hands-on learning methodology / practice over theoretical knowledge through class exercises and industry case studies at the end of the program etc.

24/7 LEARNING

Live training is augmented by self-study and evaluation on our state of the art learning management portal, where you will have 24/7 access to courses, live training material, additional reading, and online quizzes on each topic for practice. You can also interact with your batch mates and trainers for additional support, troubleshooting or sharing information etc.

LMS User Guide (Access details will be sent on a separate email)

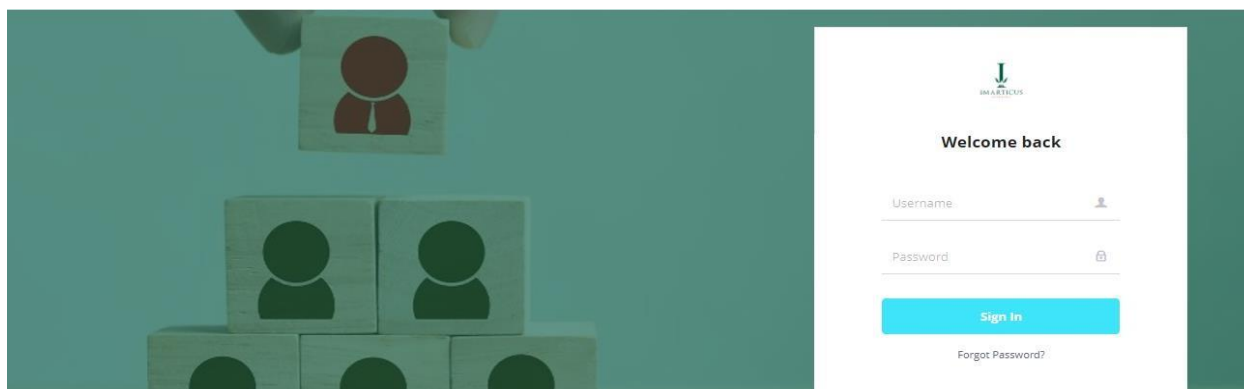

How to login?

Steps: Click on the URL shared

https://imarticuslearning.upsidelms.com/imarticuslearning/login/lr_login.jsp

Username: Your Personal Email ID (access is not yet provided; email will be sent separately)

Password: 123

Steps: Login with the credentials (username & password) shared with you, once you logged in the below landing page opens.

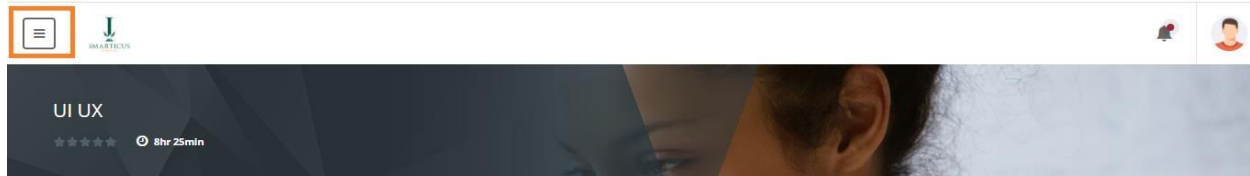

Please note: Do not copy paste the Username/Password, extra spaces can lead to an error

Course name as mentioned above can change based on your last accessed course.

How to change the password & user profile?

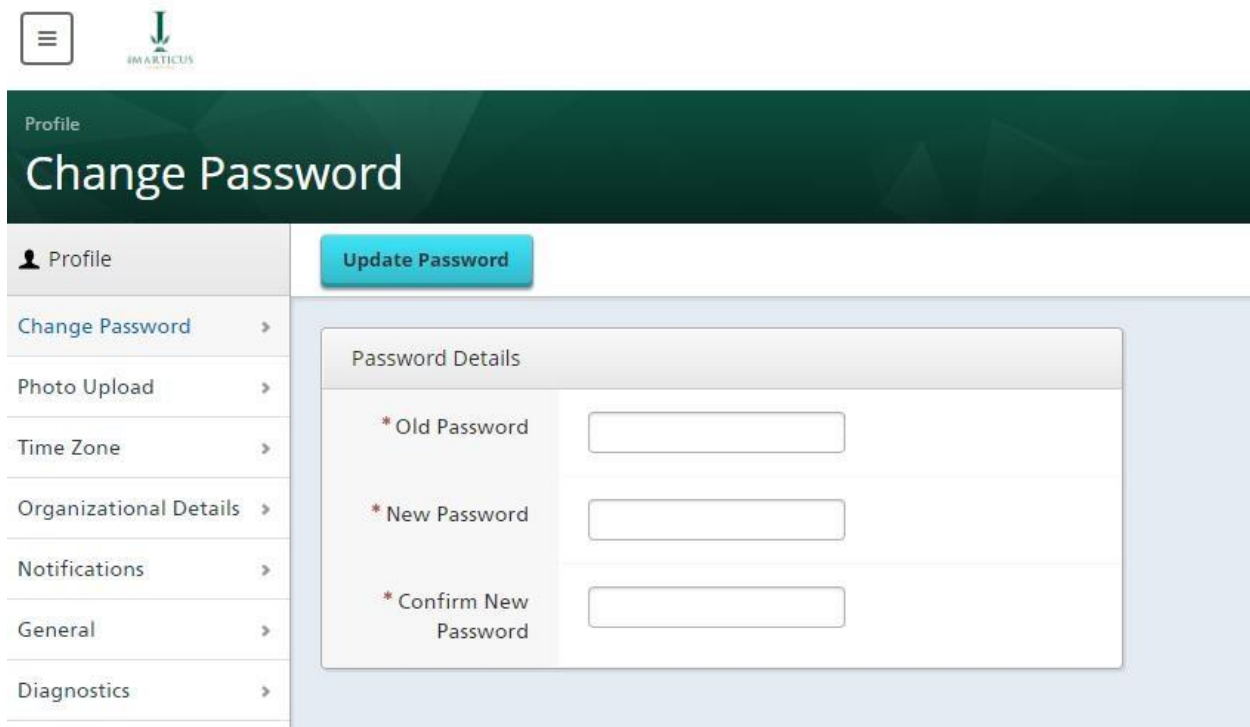

Steps: After login Click on the left button (highlighted)

Click on the **Settings**

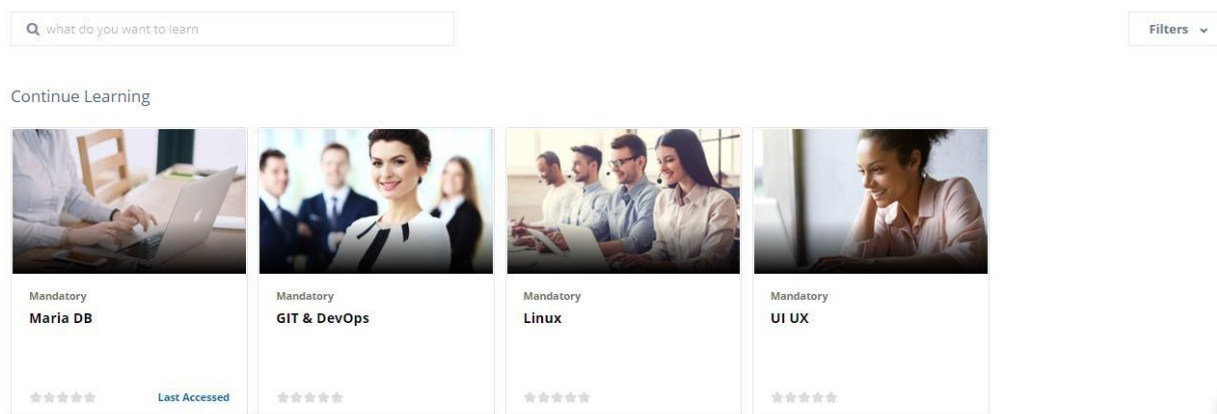

Click on Change Password (**Please DO NOT Forget the Password once changed**)

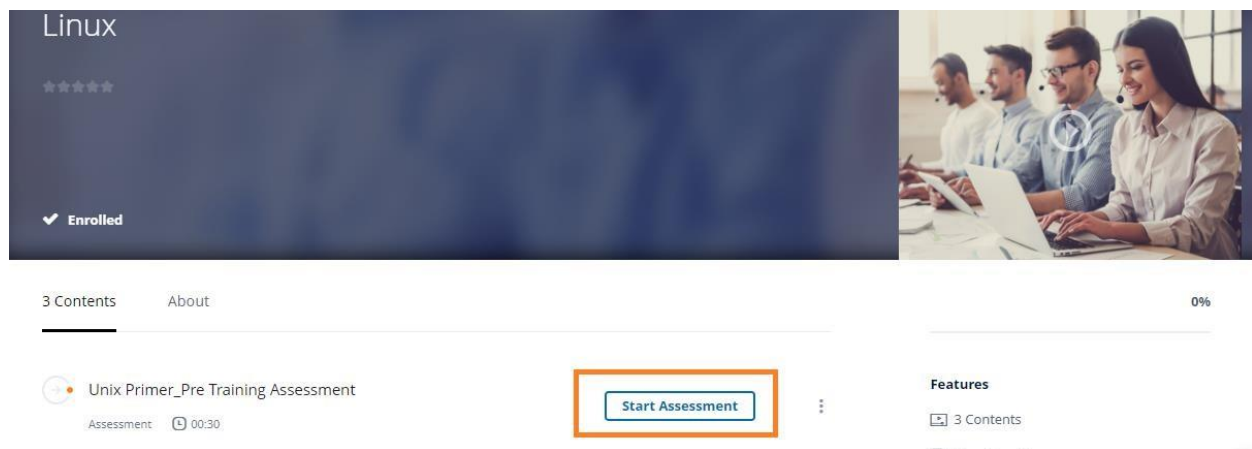

Kindly change the Password and you can Upload the Photo too. **(DO NOT change anything else)**

How to attempt a Pre/Post Assessment and Quiz?

Steps: After Login Scroll down to You will find the list of courses under **Continue Learning** Click on the relevant Course/Topic for the day, as shown below.

Once clicked on the given course, you will find the list of **Contents** Click on **Start Assessment** (Follow instructor guidance during the training for your respective assessment/quiz)

Where is the course material/course content (Presentation, Reference Materials etc.) located?

Steps: After Login Scroll down to You will find the list of courses under **Continue Learning** Click on the relevant Course/Topic for the day, as shown below.

Online Session Guidelines

- ✓ Find a comfortable place where you will not be disturbed for the entire session
- ✓ Use a properly tested headset/earphone with mic, and ensure you have a very good internet speed
- ✓ Please DO NOT rely on Mobile hotspot/internet bandwidth
- ✓ Ask your family members to restrict WIFI usage during your session hours to utilize the available bandwidth for an interrupted training experience
- ✓ If the poor bandwidth connection issue persists – Login using the web version for any platform
- ✓ Do not use the camera during the session **until asked by the trainer**. Ensure your background is clear before switching on your camera
- ✓ Use “Chat Box” to ask any queries or for answering any question to avoid interruptions to the session
- ✓ **Keep yourself on mute** throughout the session. Unmute yourself only if you have been asked a question or you have anything to discuss with the faculty in detail
- ✓ Feel free to ask any training related queries – keep the session interactive to make the most of it
- ✓ If you are facing any technical issue inform your Trainer immediately
- ✓ Always ensure you leave the session once training has completed
- ✓ Learning Management System – Ensure to attend Pre/Post Assessment, Quiz, Projects, Assignment etc. on the LMS, if you face any challenge then kindly inform your Trainer or below POC immediately
